

Belfast Trust Go Live- 6th June 2024

- All Audiology staff completed their virtual and face to face training.
- Aligned to nearest profession for training – Nurses. The SLT's in our dept aligned with AHP – moving forward this may be more relevant.

- All PC's will have to be Encompass Ready.
- Dual monitors – might be worth thinking about for Go Live – running Auditbase on 1 and Encompass on the other.
- Think about training for locum staff – all done through Learn HSCNI

- Back up as much stuff from Auditbase – waiting lists.
- Planning downturn in clinic activity before soft Go Live – (31st May- 5th June)
- Duplication of data – regional agreement of what goes on Encompass and what goes on Auditbase.
 - Need to embrace the change!!
